*** A CUNNING PAGE-TURNING MYSTERY ***

"49q? The Enigma Continues" is book two of a series of three high-concept novels that transcend place and time. Structured as thirteen musical tracks on a CD album, this novel begins simply, opening up multiple plot lines, but quickly lures you down the Alice in Wonderland-like rabbit hole (especially if you follow the telepathic, white rabbit!) A Ulysses-like epic that will suck you in to this peculiar world, chew you around for a bit, before spitting you back out.

Gritty, hard-core, explicit, and definitely NOT for the under 18s or faint of heart. "One of those books you'll either love or hate. Or love to hate!" This book has multiple plots running simultaneously and jumps through space and time. It is also written in BOTH first and third person. It will be very confusing in places and in some areas almost impossible to read. In these instances you will have to engage further with the work and use your imagination, as you become a character in the story. Your grasp on reality will be challenged as you read this book, it therefore comes with its own warning disclaimer.

Can you solve the mystery that is 49q?
