The Geneva Connection Martin Bodenham

Brilliant investor John Kent is living his dream. The success of his private equity firm has propelled him into the ranks of the world's super-rich, allowing him to give his family the security and advantages he didn't have in his own childhood. But John's dream is shattered with the discovery that his largest investor is bankrolled by the most vicious drug cartel in Mexico. Then one of his partners is murdered to guarantee his silence, and John realizes he cannot cooperate with the authorities. When the ambitious head of the DEA threatens John with incarceration, his nightmare is complete. If he resists the DEA, what will happen to his family while he's imprisoned? But the alternative is worse. For if John chooses to betray the cartel, he and his family will pay the ultimate price.
