Shadowrun Book #1: Born to Run Stephen Kenson

Earth, 2063. Long-dormant magical forces have reawakened, and the creatures of mankind's legends and nightmares have come out of hiding. Megacorporations act as the new world superpowers, and the dregs of society fight for their own power. Sliding through the cracks in between are shadowrunners-underworld professionals who will do anything for a profit, and anything it takes to get the job done.

Kellan Colt has come to Seattle to make a name for herself. But her first run proves that in her line of work, there's no such thing as a sure thing, and that in her world, there is only one law-survival.
