Sickness, Disability and Work: Breaking the Barriers (Vol. 3): Denmark, Finland, Ireland and the Netherlands OECD Organisation for Economic Co-operation and Develop

Too many workers leave the labour market permanently due to health problems, and yet too many people with a disabling condition are denied the opportunity to work. This third report in the OECD series *Sickness, Disability and Work* explores the possible factors behind this paradox. It looks specifically at the cases of Denmark, Finland, Ireland and the Netherlands, and highlights the roles of institutions and policies. A range of reform recommendations is put forward to deal with specific challenges facing the four countries.
