**John Wesley's Social Ethics: Praxis and Principles** Manfred Marquardt

This volume, first published in German in 1976, still stands as the most definitive, comprehensive treatment of John Wesley's social ethics.

*John Wesley's Social Ethics* offers a balanced treatment that dispels notions that Wesley can easily be categorized as *only* an evangelist or *only* a social reformer. It demonstrates that Wesley's theological and spiritual concerns were catalytic in his social program. It encourages a rethinking of the importance of theology for social ethics in the Methodist tradition.
