*The Longman Reader* features highly praised writing pedagogy in a rhetorically-organized reader. The opening chapter offers specific strategies for active reading, and for each pattern-of-development chapter, *The Longman Reader* includes a detailed introduction that asks students to consider audience and purpose, concrete revision strategies, a peer review checklist, an annotated student essay with extensive analysis, prewriting and revising activities, and a comprehensive list of possible writing topics. Both beloved and fresh professional essays range widely in subject matter and approach, from the humorous to the informative, from personal meditation to argument, and capture students' interest while clearly illustrating a specific pattern of development.
