Lou

Lou

Lou is an eleven-year-old tomboy growing up in a small, working-class town in New England in the 1990s. One summer, it becomes clear that her brother Eddie's boss at the pizza shop is mixed up in some unsavory business. Things become more precarious, until finally Eddie shows up for work to find his boss Joey has vanished.

Melissa Mendes is a cartoonist living and working in western Massachusetts. She attended Hampshire College from 2002 to 2006, and received her MFA from the Center For Cartoon Studies in 2010. Her debut graphic novel, *Freddy Stories*, was published with help from a Xeric Grant.

From reader reviews:

Julia Hanson:

Book is actually written, printed, or highlighted for everything. You can know everything you want by a book. Book has a different type. As we know that book is important issue to bring us around the world. Next to that you can your reading ability was fluently. A book Lou will make you to end up being smarter. You can feel much more confidence if you can know about almost everything. But some of you think this open or reading some sort of book make you bored. It is not necessarily make you fun. Why they could be thought like that? Have you seeking best book or suited book with you?

Earline Shepler:

A lot of people always spent all their free time to vacation or even go to the outside with them loved ones or their friend. Did you know? Many a lot of people spent that they free time just watching TV, or even playing video games all day long. If you need to try to find a new activity here is look different you can read some sort of book. It is really fun for you. If you enjoy the book that you just read you can spent the entire day to reading a guide. The book Lou it is very good to read. There are a lot of people who recommended this book. We were holding enjoying reading this book. When you did not have enough space bringing this book you can buy typically the e-book. You can m0ore simply to read this book out of your smart phone. The price is not very costly but this book has high quality.

Aaron Powers:

Are you kind of stressful person, only have 10 or 15 minute in your time to upgrading your mind ability or thinking skill perhaps analytical thinking? Then you are having problem with the book compared to can satisfy your limited time to read it because all this time you only find guide that need more time to be study. Lou can be your answer since it can be read by you actually who have those short spare time problems.

Jose Garcia:

Do you like reading a publication? Confuse to looking for your preferred book? Or your book had been rare? Why so many concern for the book? But any people feel that they enjoy for reading. Some people likes looking at, not only science book and also novel and Lou as well as others sources were given information for you. After you know how the truly amazing a book, you feel desire to read more and more. Science e-book was created for teacher as well as students especially. Those textbooks are helping them to bring their knowledge. In various other case, beside science e-book, any other book likes Lou to make your spare time much more colorful. Many types of book like here.
