Nancy Pfister, heir to Buttermilk Mountain, the world-renowned site of the Winter X Games, was Aspen royalty, its ambassador to the world. She lived among the rich and famous: she partied with Hunter S. Thompson, dated Jack Nicholson, had a joint baby shower with Goldie Hawn, and globetrotted with Angelica Houston. She was also a philanthropist, admired for her generosity. But behind the warm façade, she could be selfish, manipulative, and careless. Pfister enjoyed bragging about her wealth and celebrity connections, but those closest to her, like Kathy Carpenter, Pfister's personal assistant, drinking companion, and on one occasion lover, knew better.

In 2013, after a long fall from grace, Dr. William Styler and his wife, Nancy, relocated to Aspen to reinvent themselves. They'd lived the high life before a misguided lawsuit left them near poverty, and Nancy Pfister was their answered prayer. She took them in, gave them a place to live, and allowed them to launch their new spa business. Everything seemed perfect until Pfister turned on them, making increasingly irrational demands and threatening to throw them out on the street.

When Nancy was found beaten to death in her own home, the Stylers and Carpenter were all under suspicion for the gruesome murder. But in this close-knit, wealthy town set on keeping its reputation and secrets safe from the public eye, the police struggled to solve the mystery of what really happened.
