A Handbook on Islam: A Counter-Jihad Guide for the Uninitiated, the Ill-Advised the Misinformed, and the Lied-To Edward Cline

A Handbook on Islam is intended to be a supplementary guide to Islam's Reign of Terror, which was published by the Voltaire Press in 2013. The latter title offers a chronicle of terrorist acts committed since 9/11, which, as of the date of this writing, have neared 26,000 separate and deadly attacks of varying magnitudes. These attacks are now commonplace and are occurring daily, chiefly in the Mideast and in Africa, committed by ISIS (or 'ISIL,' or the "Islamic State"), which has established beachheads in Libya and in Nigeria and in other unstable countries in that region. "Outbreaks" of Islamic terrorism – or Islamic mob rule – are occurring in the Far East in Pakistan and Afghanistan, when Islamic fundamentalists not necessarily connected with ISIS or Al-Qaeda persecute or slaughter Christians or target individuals for execution. Attacks continue in Europe and in the U.S., ostensibly in "retaliation" for drawing images of Mohammad, the alleged prophet of Islam. In early January 7th 2015 Saïd and Chérif Kouachi, forced their way into the Paris offices of Charlie Hebdo, the French weekly satirical newspaper, and killed eleven of the staff, and later killed a French police officer who was directing traffic. Following that, more attacks occurred in other regions of France. In the U.S., Pamela Geller's Draw Mohammad contest and event in Garland, Texas, on May 3rd 2015 was attacked by two Muslim "extremists" armed with automatic weapons; the gunmen made it only as far as the building's parking lot before being shot dead by a single policeman. And, more than a supplementary guide, the author thought it a necessary work to help counteract the mainstream media's refusal, inability, or unwillingness to grasp the perilous seriousness of the ends and means of Islamic terrorism and terrorist acts committed in the U.S. and abroad.
