Bitter Weeds: An Alternative WWII: Volume 1 (An Alternate WWII) Joseph T Major

"There are bitter weeds in England." The Dunkirk Evacuation was a great deliverance. But some of the soldiers did not make it. If someone had only known . . . A troubled man, a man divided between two nations and several natures, delivered from the continent, pursues a twisted course in a wilderness of mirrors to serve his masters. A woman staging a great pretense that is almost true finds herself in the heart of darkness, seeing the advance of evil. Their relatives and connections each struggle with his or her own burdens as the horrors of war spread. The simple kindness of stopping to give the dead some small dignity begins a wave of change that will wash across the world, in this first volume of a series highlighting the great and the petty, the powerful and the victims, and finding both pain and hope.
