It raises the bar to show students that they must risk action to grow, thrive, and contribute in order to make their college investment pay off in gainful employment, meaningful work, and community involvement.
- **Thinking Skills coverage:** Comprehensive content with research references lend credibility and perspective to concepts, targeted exercises that explore personally relevant situations in context, and sustained focus throughout each topic.
- **Tailored to the 1-credit hour or Blended/Online Program experience:** Acknowledges global

economic change and instability and hones in on student concerns about employability skills and debt management so the 1 credit hour or blended/online course experience is framed in practical, work-relevant and time conscious ways.
