Stock Scenery Construction Handbook is an easy to use, complete manual on scenery construction. It has over 180 full-page drawings showing construction techniques for every conceivable kind of stock scenery piece, from flats (plain ones, door units, hardwall, etc.), to platforms and step units (including two kinds of parallel platforms and even folding-brace stairs), to all kinds of soft goods like curtains and drops. The second edition includes a new chapter on paint and over 20 new illustrations. The author's wry sense of humor will delight and entertain every reader.
