**When Worlds Collide** Philip Wylie, Edwin Balmer

A runaway planet hurtles toward Earth. As it draws near, massive tidal waves, earthquakes, and volcanic eruptions wrack our planet, devastating continents, drowning cities, and wiping out millions. In central North America, a team of scientists race to build a spacecraft powerful enough to escape the doomed Earth. Their greatest threat, they soon discover, comes not from the skies but from other humans.

A crackling plot and sizzling, cataclysmic vision have made *When Worlds Collide* one of the most popular and influential end-of-the-world novels of all time.
