Motivated by the conviction that ICT should be used as an effective tool, this book shows how it can support teaching and learning in the classroom and in the virtual world of school intranet, websites and learning platforms. Practical tasks and teaching tips demonstrate how imaginative use of technology can promote creative and enthusiastic teaching, as well as enable new approaches to teaching and learning. It includes descriptions of new technologies and systems and how they can be used, as well as guidance on the software, and activities to engage pupils in their own learning.
