Theorizing Discrimination in an Era of Contested Prejudice: Discrimination in the United States

Samuel Lucas

Despite several decades of attention, there is still no consensus on the effects of racial or sexual discrimination in the United States. In this landmark work, the well-known sociologist Samuel Lucas shows how discrimination is not simply an action that one person performs in relation to another individual, but something far more insidious: a pervasive dynamic that permeates the environment in which we live and work.

Challenging existing literature on the subject, Lucas makes a clear distinction between prejudice and discrimination. He maintains that when an era of “condoned exploitation” ended, the era of “contested prejudice,” as he terms it, began. He argues that the great strides made in the 1950s and 1960s repudiated prejudice, but not discrimination. Drawing on critical race theory, feminist theory, and a critique of dominant perspectives in the social sciences and law, Lucas offers a new understanding of racial and sexual discrimination that can guide our actions and laws into a more just future.

Let's try to choose correct ways for you.

Donald Barber:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very

important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Theorizing Discrimination in an Era of Contested Prejudice: Discrimination in the United States can make you feel more interested to read.
