Your father may never know for sure, but a mother always knows her children. Your mother knows you as no one else ever will. That's a fact she'll never let you forget, no matter how you got your mother, you're stuck with her. You can't give her back. not even through divorce. If you never speak with her, she's still out there...somewhere. You know it and she knows it. Even if she's dead, you hear her voice in your head and see her face in every mirror. Mothers' Days is a celebration of the love... and hate... and love that exist in any relationship between mother and child. Each scene stands alone as a complete one-act play. Performed together, they form a cohesive unit that pokes fun at that most holy of partnerships, that of mother and child. These are scenes and characters anyone can relate to. The full play can be performed with as few as five females and one male. Individual acts require two to six actors. Scenery can be minimal.
