## The Republic of Plato

Long regarded as the most accurate rendering of *Plato's Republic* that has yet been published, this widely acclaimed work is the first strictly literal translation of a timeless classic. This second edition includes a new introduction by Professor Bloom, whose careful translation and interpretation of *The Republic* was first published in 1968. In addition to the corrected text itself there is also a rich and valuable essay—as well as indexes—which will better enable the reader to approach the heart of Plato's intention.
