## I Never Promised You Anything MBM

If you choose to discount the Mad Black Man (MBM) like it is typically done, war can be on this soil for failure to close the gaps and vulnerabilities of America that MBM has identified in the War Room. Let me know if I need to repeat that America. America you better listen up to this MBM because there is something coming. I don't know what, I don't know when or how, but many of us are in tuned with our senses that tells us something is coming. We better get this racism resolved so Americans can deal with this unknown together. We are going to need to be close to each other in the future America. The book creates the illusion that President Obama is the main character, but there is a Broadway cast. This book will provide Americans the scroll of how to rid America of the sickness of racism and MBM is the revelator. MBM somehow allows America into his thought process while simultaneously giving the antidote to Americans to rid themselves of their trance of Hypnotic Conformity. Most Americans are going to say until you articulated MBM, I really did not understand the yellow brick road to rid Americans of racism. This rid process and the antidote that MBM executes is accomplished through showing all Americans the ketchup on their ties and blouses. The MBM, the revelator provides laser beam focus and steps of stimulating America! The WOW moment will cause all human beings to be left with their mouths open and a moment of breathlessness. The MBM strategically sets the audience up throughout the book for the Wow Moment forecasting that all American will join him of the brand of protection for lasting change.
