Immortality

Kevin Bohacz

Immortality Kevin Bohacz

#1 best-selling techno-thriller on Amazon from January 2008 to June 2014!

Publisher's Weekly STARRED review - Bohacz's vision of a humanity that faces the need to evolve profoundly or face certain destruction is as timely as today's news and as chilling a doomsday scenario as any ecological catastrophe can suggest.

Kirkus - There is enough power in the premise to leave readers reeling. A novel that will surprise fans of science-fiction and doomsday scenarios.

"Speaking as an evolved Transhuman, I applaud this very entertaining, intelligent, and thought provoking journey to the edges of humanity." - **Danny Rubin, author and screenwriter of Groundhog Day.**

"Immortality is a fine, tense, scientific mystery adventure that puts mankind in a challenge of survival with a short time limit. This is the way the world could end." - **Piers Anthony, author of 21 New York Times best-selling novels.**

Sci-Fi Reader - 4Stars - "This book manages to do what all the best sci-fi does - provide a thought-provoking, alternative viewpoint on the business of existence. I recommend you give it a go." - sreader.com.

Publisher's Weekly FULL STARRED review - When human extinctions occur in South America and spread worldwide, paleobiologist and genetic researcher Mark Freedman senses a connection to the Chromatium Omri bacteria, the oldest known life form on Earth linked to previous extinctions. The growing virulence in the "kill zones" spurs Freedman to join forces with Kathy Morrison, expert on viral and bacterial pathogens with the Centers for Disease Control. Despite personal losses, Freedman and Morrison find romance and make discoveries about the devastation and what lies behind it. Other colorful characters include dedicated policewoman Sarah Mayfair, whose horrific dreams and improbable survival enable contact with the forces behind the outbreaks; cynical Gen. James McKafferty, committed to preserving the U.S. at whatever cost; and Artie Hartman, goaded by his wife's death to wage war on gangs and government forces indiscriminately. The seemingly random attacks and emergence of chaos allow Bohacz to explore such themes as whether humanity deserves to survive, the meaning of being human, and the cost of perfect health and immortality. The originality of Bohacz's ideas is nearly equaled by detailed descriptions of a decontamination lab, the frenzied search for answers, and the aftermath of destruction. His vision of a humanity that faces the need to evolve profoundly or face certain destruction is as timely as today's news and as chilling a doomsday scenario as any ecological catastrophe can suggest.

Dust cover: Without warning, something has gone terribly awry. In the remote and unnoticed places of the world, small pockets of death begin occurring. As the initially isolated extinctions spread, the world's eyes focus on this unimaginable horror and chaos. Out of the ecological imbalance, something new and extraordinary is evolving and surviving to fill the voids left by these extinctions. Evolution is operating in ways no one could have expected and environmental damage may be the catalyst. Once discovered, this knowledge changes everything....

The story begun in *Immortality* is not over and continues in the sequel *Ghost of the Godson* sale now!

From reader reviews:

Sarah Brumfield:

As people who live in typically the modest era should be change about what going on or facts even knowledge to make them keep up with the era which can be always change and move ahead. Some of you maybe may update themselves by reading books. It is a good choice for yourself but the problems coming to anyone is you don't know which one you should start with. This Immortality is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and wish in this era.

William Martin:

Reading a book can be one of a lot of pastime that everyone in the world loves. Do you like reading book and so. There are a lot of reasons why people enjoyed. First reading a reserve will give you a lot of new details. When you read a e-book you will get new information because book is one of various ways to share the information or perhaps their idea. Second, looking at a book will make anyone more imaginative. When you studying a book especially fictional works book the author will bring that you imagine the story how the characters do it anything. Third, you can share your knowledge to other people. When you read this Immortality, you could tells your family, friends and also soon about yours guide. Your knowledge can inspire different ones, make them reading a reserve.

Mary Bolinger:

Playing with family in a park, coming to see the coastal world or hanging out with close friends is thing that usually you could have done when you have spare time, in that case why you don't try factor that really opposite from that. 1 activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Immortality, you could enjoy both. It is excellent combination right, you still wish to miss it? What kind of hangout type is it? Oh can happen its mind hangout folks. What? Still don't have it, oh come on its named reading friends.

Sheila Collins:

That book can make you to feel relax. This kind of book Immortality was colorful and of course has pictures on the website. As we know that book Immortality has many kinds or variety. Start from kids until youngsters. For example Naruto or Investigator Conan you can read and believe you are the character on there. So , not at all of book usually are make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book for you personally and try to like reading which.
