Theology That Matters: Ecology, Economy, and God

What difference does theological thinking make? Does Christianity have any relevance for our secular, globalized, environmentally threatened world? Specifically formulated for undergraduate and seminary courses in theology, this volume answers a resounding yes. Gathering many respected and original Christian thinkers who have been inspired by the example and work of theologian Sallie McFague, this book engages such topics as God, Christ, revelation, eschatology, and church in three intertwined and pressing areas: (1) our religious life and language in a secularized, pluralistic society, (2) our newly globalized economic life, and (3) our threatened environmental life.
