Your Own Eyes Jesse Van Horne

You're invited to partake in a grand event... the evolution of human consciousness & your own awakening! Van Horne asks each and every one of us to examine and become aware of the myriad ways that we have been indoctrinated over the span of our lives, which he argues is one of the first, vital steps in the awakening process. Using the metaphor of the lens, he asks and invites us all to first: recognize our own lenses, and second: to remove them in order to enable clear, unobstructed vision to proceed from our own eyes. He shows us that to develop the dexterity to recognize our own lenses is essential if we wish to evolve beyond our archaic, reactionary behavioral patterns as individuals and collectively as the human race.
