New Avalon Case Files

A reluctant mystery gang explores weird events in the city of New Avalon, finding themselves involved in a war of Light versus Darkness for the fate of the city, perhaps even the world.

The Case of the Dead Girl in my Apartment

When Jake arrives home to find his not-quite-girlfriend Melody murdered in his apartment, things seem like they couldn't get any worse. But when the killer, a ferocious man turned monster, is still there and looking for something of Melody's, Jake fights for his life, just barely getting out of the apartment to safety. Now he's on the hook for the murder of Melody. To clear his name, his college friends put together a reluctant Mystery Gang: Anna, the mystery-obsessed Criminal Justice Major; Eva, Jake's best friend and escapee from New Avalon's high society; Nathan, cynical Philosophy Major; and Thomas, the weird Physics grad student from across town. Together they investigate the murder and the object they murderer was looking for, stumbling onto something bigger and stranger than they ever imagined. Monsters, memory wipes, magic, men in black, and a secret war of Good versus Evil for the fate of the city and possibly the world. Mysteries have never been this strange.

The Case of the Tall Man and the Ghostly Runners

There are new rumors of ghost runners on the east side of the city. These transparent joggers wordlessly run in a panic until the mysterious Tall Man appears, then neither are seen again, not until the next occurrence. It seems just like an urban legend, but the gang is approached by a woman who says she saw one of those runners, and she identified the runner as her recently deceased brother! For her sake, the gang explores the rumor, following where it leads - the city morgue, a crime scene, and on into a cold and dark labyrinth where the hallways shift, the cold wind howls, and the walls scream for your fear...
