Dr. Robert Valuk presents his proven, conservative strategy for achieving double-digit income with reduced risk using puts and calls on high quality, low beta dividend paying stocks. Speaking of options and using the word “conservative” may sound like an oxymoron, but the author will present a plethora of conservative strategies that will make you money on a consistent basis.

Using the system called The Options Machine presented in this book, the author will place in your hands a proven investment plan that, when consistently applied, will reduce the investor’s financial risks and enhance the prudent investor’s overall financial returns.

This investment guide concentrates on only two basic option strategies that have been proven to be effective historically to generate income and are currently utilized by the author and his investment group to consistently produce profits. The reader will also be provided with criteria for creating a master watchlist of dividend-paying stocks that will work in all markets, including market downturns, if utilized as part of the author’s option strategies.
