The Execution Channel: A Political Fable Michael McCord

What will readers encounter when exploring the wicked and witty satirical universe of Michael McCord's **The Execution Channel: A Political Fable**? First, they will travel to the not-so-distant future and discover the emerging new country of Real America and the Galtian Imperatives, a faith-based economic religion which promises that extreme austerity and tax cut policies will ensure "prosperity for all" though the exact details of the magic remain elusive.

Next, readers will see that John Galt, the fictional hero of Ayn Rand's *Atlas Shrugged*, has become the founding father icon of Real America and the Real American Party, the new political force sweeping the land. Local militias do their patriotic duty and lead the privatization craze throughout Real America while employing a creative protection racket plan to fit every business budget.

Finally, readers will behold the majesty of The Execution Channel - a televintet network that promotes a focus-group tested variety of live executions in football stadium settings. As foretold by the Galtian Imperatives, The Execution Channel has been hailed as a model of modern economic policy that seamlessly merges massive private sector profits and public sector bankruptcy.

Set in 2018 in an increasingly non-United States of America, **The Execution Channel: A Political Fable** is fantastical in its imaginative scope of American political rhetoric and public policy run amok. McCord, an award-winning journalist and writer who lives in New Hampshire, offers fictional reportage with a provocative twist and more than a few punch lines.

"The initial spark for this satirical romp came from a 2011 Republican presidential primary debate when some of the audience cheered at the notion that if people without health insurance died, there was nothing anyone could do," McCord said. "I then made the leap to a perfectly sensible investment scheme of publicly televised executions in which guilt or innocence matter less than profit margins. From there, the theme menu grew to include the cult of Ayn Rand, political ambition, incoherence as a political virtue, greed redefined, secession, free market economics with no restraint, the primacy of sperm, backyard rocket launchers, psychic readings, reality TV mortgage foreclosures and monuments to austerity. The book aspires, as Lewis Carroll's White Queen so eloquently put it, to believe six impossible things at once, if not before breakfast then certainly by supper."

Readers also will encounter an intriguing, colorful cast of characters that embrace a higher calling of extreme self-interest:

- * Gov. Lawrence C. "Demon Seed" Bowie of the Real American Republic of Texas is in a political fix because his 'War on the Poor' tax plan isn't working.
- * Texas militia leader Col. Rufus T. Fairbush wants to replace Bowie by the bullet or ballot while running on a platform to eliminate the idea of government.
- * Conservative televintet producer Jason Bravtart seeks redemption following the scandalous cancellation of *The Real Homeless of Malibu Beach*.
- * Billionaire speculator James "Big Stake" Frimmer II wants another big financial score to spread his political influence.
- * In the SoCal Liberty Territory of California, Penelope the Psychic is forced to be a confidential informant for Mr. Jones, the most feared security operator in Real America.

The Execution Channel: A Political Fable is a subversive satire for our times and will leave readers wondering: Just how REAL is Real America?

From reader reviews:

Sheri Reagan:

In this 21st century, people become competitive in every single way. By being competitive now, people have to do something to make themselves survive, being in the middle of typically the crowded place and notice through their surroundings. One thing that often many people have underestimated the item for a while is reading. Sure, by reading a publication your ability to survive rises then having a chance to remain than others is high. For you personally who want to start reading the book, we give you this *The Execution Channel: A Political Fable* book as a starter and daily reading e-book. Why, because this book is more than just a book.

Sam Hase:

The guide entitled *The Execution Channel: A Political Fable* is the e-book that recommended to you to learn. You can see the quality of the e-book content that will be shown to you. The language that the author uses to explain their way of doing something is easy to understand. The writer did a lot of research when writing the book, so the information that they share to your account is absolutely accurate. You also might get the e-book of *The Execution Channel: A Political Fable* from the publisher to make you much more enjoy your free time.

Helen Chandler:

The reason? Because this *The Execution Channel: A Political Fable* is an extraordinary book that the inside of the e-book is waiting for you to snap the idea but later it will shock you with the secret it has inside. Reading this book beside it was a fantastic author who else writes the book in such a remarkable way makes the content inside easier to understand, an entertaining technique but still conveys the meaning entirely. So, it is good for you because of not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of rewards than other books have got such as help improving your talent and your critical thinking approach. So, still want to hold up having that book? If I ended up you I will go to the publication store hurriedly.

Jasper Parsons:

As a pupil exactly feel bored for you to reading. If their teacher expected them to go to the library or make a summary for some publication, they are complained. Just little students that have reading's spirit or real their leisure activity. They just do what the professor wants, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore, this *The Execution Channel: A Political Fable* can make you sense more interested to read.
