Sexy, kilt-wearing Tristan has captured Amber's attention on many occasions. But as members of the Kingsword coven, which has strict rules about intimate relationships inside the circle, dating him is out of the question.

When the coven heads to a secluded woodland cabin to celebrate the Winter Solstice, Amber finds herself closer than ever to Tristan. As the Longest Night approaches and their group's ritual workings intensify, the pair realizes that they can hide from their feelings no longer.

Just as King Arthur held vigil before being knighted, Tristan and Amber face their shadows—and the realization that one or both of them might have to leave the coven.

Or can they be together without breaking their honor?
