Seasons on the Farm: A Celebration of Country Life Through the Year

From the awakening of the land in the spring to the fireside planning on a chilly winter night, life on a farm revolves around the seasons of the year. The rural music of this seasonal rhythm sounds through the pages of this volume. Writers offer memories of farm life and reflections on its seasonal unfolding, from spring planting through hay baling to harvest suppers in a two-room country schoolhouse.

Some funny, some poignant, these evocative essays are illustrated with black-and-white historical photographs and crisp color images that conjure the life of a farm for readers who have known that world intimately, or have only dreamed of it.
