Victim or Victor - the choice is yours! In this book, the author shares her personal journey of discovery to reclaim control of her health and in the process finds the long lost, Starry Jones, her childhood imaginary twin, who knew how to live life to the fullest. Through research, trial and error, Linda recognizes the body's innate ability to heal itself; changing her diet, and unpeeling the layers of hidden negativity; she chooses to be the victor. We all have our unique journey on this plane. No two people are alike, but by reading this book you will: *Feel liberated as you choose how to deal with ill health, *Follow your inner voice and listen to your body, *Focus on healing not disease, *Treat your whole self, not just the symptoms of disease. "I hope this book offers a path to freedom - freedom from helplessness, hopelessness, powerlessness, a lessening of fear, a path to being the best that you can be, a body, mind and soul that is ripe for miracles."
