Santa Monica Mountains Trail Guide John McKinney

Discover the magic of the Santa Monica Mountains! “Consult the Santa Monica Mountains Trail Guide and just moments later you’ll know where to go for a fun outdoors adventure,” declares author John McKinney. “These mountain trails will uplift your spirit.” Santa Monica Mountains Trail Guide is a collaboration between author John McKinney, former Los Angeles Times hiking columnist and author of 20 books about hiking and Tom Harrison, California’s premier mapmaker, long admired for his easy-to-read and accurate maps of the state’s parklands. The only range to bisect a major U.S. city, the Santa Monica Mountains boast a splendid scenic diversity with fine trails leading through woodlands, canyons, foothills and mountains. John McKinney’s proven trail accounts, along with Tom Harrison’s trusted maps will help you select—and take—a quality hike you’re guaranteed to like. Santa Monica Mountains Trail Guide features: • Colorful stories, clear maps, easy-to-follow directions • Best hikes for waterfalls, wildflowers, mountaintop vistas • Best hikes for families, friends, out-of-town guests • Nature walks, moderate hikes, all-day adventures Enjoy hikes on classic trails and brand-new pathways in the Santa Monica Mountains National Recreation Area, plus all you need to know about the trails in Will Rogers, Topanga, Malibu Creek, Leo Carrillo and Point Mugu state parks. Saunter to the M*A*S*H movie and TV location near the magnificent gorge sculpted by Malibu Creek, hike a length of the majestic Backbone Trail that extends 65 miles across the mountains, chill-out at waterfalls in Temescal Canyon and Zuma Canyon, enjoy fabulous wildflower displays at Nicholas Flat and at Malibu’s Charmlee Park.

From reader reviews:

William Gannaway:

The book Santa Monica Mountains Trail Guide can give more knowledge and also the precise product information about everything you want. So why must we leave a good thing like a book Santa Monica Mountains Trail Guide? Some of you have a different opinion about publication. But one aim that book can give many facts for us. It is absolutely right. Right now, try to closer using your book. Knowledge or data that you take for that, you can give for each other; you may share all of these. Book Santa Monica Mountains Trail Guide has simple shape nevertheless, you know: it has great and large function for you. You can look the enormous world by wide open and read a reserve. So it is very wonderful.

Sharyl Nettles:

A lot of people always spent their free time to vacation or perhaps go to the outside with them family members or their friend. Were you aware? Many a lot of people spent these people free time just watching TV, or playing video games all day long. In order to try to find a new activity here is look different you can read the book. It is really fun to suit your needs. If you enjoy the book you read you can spent the entire day to reading a e-book. The book Santa Monica Mountains Trail Guide it is very good to read. There are a lot of those who recommended this book. These people were enjoying reading this book. If you did not have enough space to develop this book you can buy the particular e-book. You can m0ore easily to read this book from your smart phone. The price is not very costly but this book features high quality.

Leslie Jasso:

Do you have something that you prefer such as book? The book lovers usually prefer to pick book like comic, limited story and the biggest you are novel. Now, why not hoping Santa Monica Mountains Trail Guide that give your entertainment preference will be satisfied through reading this book. Reading habit all over the world can be said as the method for people to know world much better then how they react toward the world. It can't be stated constantly that reading addiction only for the geeky individual but for all of you who wants to always be success person. So , for all you who want to start examining as your good habit, you may pick Santa Monica Mountains Trail Guide become your own personal starter.

Deborah Fishman:

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some e-book, they are complained. Just very little students that has reading's heart or real their passion. They just do what the professor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Santa Monica Mountains Trail Guide can make you really feel more interested to read.
