This is a lovely small press artist's book. The deckle-edged pages have nice multi-color block print designs of flora and fauna and wild scenes. Some translucent papers with printed designs create layered scenes. Gentle poetic musings on nature accompany the art. The book is in good condition. There is a gift dedication written on the first inside page. Gwen Frostic was featured by Martha Stewart in one of her magazines. Once you have seen her work you will recognize it the next time, very distinctive artist's books. Add to your collection --- or could cut for collage. Source: Etsy
