**Teaching Chess in the 21st Century: Strategies and Connections to a Standards-Based World** Todd Bardwick

Teaching Chess in the 21st Century is a beginner chess book for teachers, chess club sponsors, or parents with young children. An elementary school teacher can use this book as a textbook to incorporate chess into their standards-based math program incorporating National Council of Teachers of Mathematics Standards. Also included are exemplars and rubrics and teacher tips about how to handle situations that frequently occur while students are playing chess. Tried and true tested analogies that children will relate to are incorporated so that young children can learn chess in an effective and fun way.

Ten lesson plans (chapters) cover the basic rules and strategy of chess and reinforce concepts that are frequently overlooked by young chess students. Math concepts learned through chess are also highlighted throughout the chess instruction. A particular useful section for the teacher or chess club sponsor is the Teacher Tips for Chess Play Time section where the teacher will learn the proper way to handle disputes and situations that frequently occur when the children play against each other.

The lessons in Teaching Chess in the 21st Century are presented in a manor that children grasp quickly. The analogies found throughout the book are fun and relatable to the student's own life experiences, enhancing learning and the enjoyment of the game. Teaching Chess in the 21st Century is recommended for adults to use as a teaching guide for young children from ages 4-11.
