The Time Flies: (A Novella) Thomas Decker

On a quiet night in Lake Arrowhead, California, three black, ominous machines fall from the sky. At first, Tom and Kathy Halloran think they're witnessing an extraterrestrial invasion...but when they are enticed into one of the machines, they find human relatives, neighbors, and friends interacting with creatures that call themselves Repros: soulless, human replicas that have time-traveled from our future. In the surreal hours that follow, they discover the Repros have come to our past to unleash an insidious experiment to test a theory...and to alter the fate of the human race.
